Target	<i>Eubacterium</i>
Genus	<i>Eubacterium</i>
Application	Study and research
Culture Medium	Blood agar
Culture Conditions	37°C; Anaerobic
Source	Probiotic products
Risk Group	1
Product Format	Freeze-dried
Packaging	Ampoule tube
Storage	-80°C
Shelf Life	6 years

TARGET INTRODUCTION

Introduction

Eubacterium is a genus of Gram-positive bacteria in the family Eubacteriaceae. These bacteria are characterised by a rigid cell wall. They may either be motile or nonmotile. If motile, they have a flagellum.

Alternative Names

Eubacterium hallii ; probiotic blend
