

Ruminococcus gauvreauii

Cat. No.: LBSX-0522-GF75

This product is for research use only and is not intended for diagnostic use.

PRODUCT INFORMATION

Product Overview	<i>Ruminococcus gauvreauii</i> was isolated from human faeces.
Target	<i>Ruminococcus</i>
Genus	<i>Ruminococcus</i>
Application	Study and research
Culture Medium	Chocolate agar
Culture Conditions	37°C; Anaerobic
Source	Human feces (rectal swab)
Risk Group	1
Product Format	Freeze-dried
Packaging	Ampoule tube
Storage	-80°C
Shelf Life	6 years

TARGET INTRODUCTION

Introduction

Ruminococcus is a genus of bacteria in the class Clostridia. They are anaerobic, Gram-positive gut microbes. One or more species in this genus are found in significant numbers in the human gut microbiota.

Alternative Names

Ruminococcus gauvreauii
